Docket No. 98N-1265

Food and Drug Administration

Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I can only tolerate a compounded  
form of estrogen and natural Progesterone.  
Premarin from a "regular" pharmacy causes  
very rapid heartbeat.

Please do not restrict the VALUABLE service  
this pharmacy provides. Without their products,  
I would experience depression for hormonal problems.
